ESTABLISHMENT [illegible] DEPUTATION OF PUBLIC HEALTH STAFF OF LOCAL BODIES AS TEMPORARY HEALTH OR PLAGUE INSPECTORS : CONTRIBUTION TOWARDS LEAVE AND PROVIDENT FUND : CLARIFICATION OF CERTAIN POINTS : ORDERS PASSED.

GOVERNMENT OF MADRAS
Abstract
**

ESTABLISHMENT - Public Health - Deputation of public health staff of local bodies under Government as temporary health or plauge inspectors - Contribution towards leave and provident fund - Clarification of certain points - Orders passed.

Education and Public Health Department.

G.O. (Ms) No. 536 P.H. Dated, the 18th February 1949

READ - the following:-

From the Director of Public Health, R. No. 78645-B/47.5 dated the 7th July 1948.

From the Accountant-General, No. T7.PH. Grant.350 dated the 17th August 1948.

From the Examiner of Local Fund Accounts, L.F. 7751 dated the 14th December 1948.

ORDER:

The Director of Public Health has raised certain points for clarification regarding the contribution payable to the local bodies towards leave salary and provident fund in respect of public health staff of local bodies who are deputed to as health or plauge inspectors under Government temporarily. The Government pass the following orders:

(1) The Director of Public Health has stated that the Government have ruled that the contribution towards leave salary should be paid on the average of the time scale of pay of the post held under Government that as the services of the Public Health establishments of local bodies when appointed as Health or Plauge Inspectors temporarily, do not count for increments (vide Note 2 to F.R. 35), the leave salary payable at any time will be the minimum in the time scale of pay and thus it would be sufficient to pay the leave salary contribution based on the actual pay plus dearness allowance, drawn instead of the average pay plus dearness allowance:

The Government agree with the Director of Public Health that in the cases referred to by him the leave salary contribution may be calculated on the actual plus pay plus dearness allowance drawn in Government service. His attention is invited in this connection to the orders in paragraph 1 of G.O. No. 2075 P.H. dated the 24th July 1944.

(2) Government have ordered that the contribution towards provident fund is inadmissible on dearness allowance. On the same analogy, the Director of Public Health requests orders whether it would be sufficient if for the purpose of paying provident fund contribution at 8 1/3 per cent of the leave salary con ribution, the leave salary contribution may be calculated on the actual pay alone:

The Director of Public Health is informed that as dearness allowance is not taken into consideration for purposes of provident fund, the contribution due at 8 1/3 per cent should be restricted to the leave salary contribution on pay alone.

(3)In G.O. 3357 P.H. dated the 4th December 1944, the Government while ordering the payment of contribution towards provident fund, have not approved the proposal to pay contribution towards leave salary in the case of public health establishments appointed as Health Inspectors on probation and have ordered that the provisions in Note 3 under sub-rule 2 to F.R. 103 (a) as amended by G.O. No. 1654 P.H. dated the 16th July 1943 will continue to regulate the grant of leave to probationary health inspectors. The above provision relates to the public health establishment of local authorities having pensionary status. The Director of Public Health desires to be informed whether it is the intention of Government that even in the case of Public Health establishment under local bodies, who have no pensionary status, the leave earned in respect of their service under the local body should first be exhausted before the probationary Health Inspectors are granted any leave in respect of their service under Government.

The Accounta

The Accountant-General is requested to offer his remarks regarding the grant of leave to the persons other than those referred to in Note 3 under subsidiary rule 2 under F.R. 103(a).

(4) The Director of Public Health has brought to the notice of Government that claims for contributions relating to the years 1944-45 to 1946-47 are still being received from certain local bodies, and they are being scrutinised and sent to the Accountant-General for the issue of necessary authorization of payments, as no time limit has been prescribed for selling such claims. The Accountant-General has requested the Director of Public Health to make arrangements to avoid such long delays. The Director of Public Health requests that a time limit of one year following the quarter to which the claim relates may be prescribed for the settlement of these claims:

Government have no objection to comply with the request of the Director of Public Health.

(By order of His Excellency the Governor)

J.M. LOBO PRABHU
Joint Secretary to Government.

To the Director of Public Health.

Memorandum No. 23473-A/49.4 E2.P.H. dated the 10th August 1949.

Sub: ESTABLISHMENT - Public Health - Deputation of Public Health staff of local bodies as temporary Health or Plague Inspectors- Contribution towards leave and provident fund.
Ref: G.O. (Ms) No. 536 P.H. dated the 18th February 1949
From the Accountant-General, Madras, No. T7,P.H.I.156 dated the 23rd May 1949.
From the Examiner of Local Fund Accounts, L.F. 2439 dated the 14th July 1949.

In continuation of paragraph 1 (3) of the G.O. cited, regarding the admissibility of leave to Health Inspectors, who have completed probation under Government but have no pensionary status under the local body, the Director of Public Health is informed that the provisions of G.O. No. 3357 P.H. dated the 4th December 1944 as embodied in note 3 under subsidiary rule 2 under F.R.103 should be applied in such cases. The amount of leave to be added to the leave earned under Government under subsidiary rule 2 under F.R. 104 should be restricted to the leave earned under the local body by service counting for provident fund, and such leave should be required to be exhausted before any leave earned under Government is granted.
